**Subject:** Snowplowing Bid for parking lot and truck apron 2010-2011 season

Rotterdam Fire District No. 7 is seeking bids for snowplowing and ice treating for the winter season of October 1, 2010 to September 30, 2011. Bids shall be one fixed price for the 2010-2011 snow plowing season.

Plowing shall be performed after the first 3" of snowfall and every additional 3" increment. Final cleanup in less than 4 hours after the snow stops falling is essential. If the snowfall is less than 3", plowing shall be accomplished at the conclusion of the snowfall. No more than 4 hours shall pass after the storm is over until the lot is plowed. Continuous plowing service is acceptable. All snow must be pushed far enough from the paved area to allow for further seasonal accumulations. This will allow the use of the entire paved area. The area around the fire hydrant located in front of the station, the two (2) fire escapes, one on each side of the building and the oil fill pipe rear of parking lot between the shed and fence shall always be kept clear.

Sanding and/or salting shall be accomplished after the last plowing if necessary or after any icing conditions. Payment will be made in three installments. The first payment will be made after the first plowing. The second payment will be made January 20, 2011, and the third and final payment will be made on April 15, 2011.

**THE BOARD RESERVES THE RIGHT TO REJECT ANY AND/OR ALL BIDS.**
